

Find a clay or pottery firing service near you

While we don't offer a firing service, there are several kiln hire facilities for firing clay pieces across England.

[Check out this article by Mike McManus.](#)

KILN SHARE

[Kiln Share](#) is a new directory website that helps connect potters with local kiln owners. The platform aims to make it easy for potters to find a local kiln to hire while helping kiln owners earn extra income by renting out their equipment.

Notable facilities:

- [Ceramics Studio Co-op](#) in London: a ceramics firing service upon request.
- [Fired Up Ceramics](#) in Bristol: a kiln firing service to members of the public who create their own clay/ceramic items.
- [Glasgow Ceramics Studio](#): kiln hire for anyone who occasionally works with clay.
- [British Ceramics Biennial](#): kiln space for hire at their studio at Spode Works in Stoke-on-Trent.
